

# Voluminous upholstery fabrics to luxuriously soften spaces

## Introducing Monte, Moore and Ponza

---

### Press Release

Deurne, November 2023

**Soft, tactile, crafted: upholstery fabrics Monte, Moore and Ponza can turn interiors into luxurious stages for the senses – places that offer the comfort of home and a sense of belonging in contract spaces.**

### **Monte: sustainable mohair velvet upholstery with an extreme high pile**

Woven in Vescom's own eco-conscious weaving mill in the Netherlands, **Monte** is a Cradle to Cradle® Bronze-certified mohair velvet upholstery fabric. Made with a 100% mohair high pile, it contributes to physical and acoustic comfort, creating sumptuous upholstered surfaces to sink into. The traditional yet timeless nature of mohair velvet upholstery is reinforced by Monte's palette of 16 nature-inspired matte colours.

### **Moore: graphic grid with a retro vibe**

**Moore** is a polyester FR upholstery fabric containing 100% recycled post-consumer material. Its large-scale weave produces a graphic grid that gives off a retro vibe, while its multi-layered structure and the inclusion of textured bouclé yarn make it ultra-tactile and three-dimensional. With 16 colour combinations that range from subdued to standout, Moore is produced in Vescom's eco-conscious weaving mill in Germany.

**Ponza: new contemporary, nature-inspired palette**

One of Vescom's popular upholstery fabrics gets a contemporary, nature-inspired palette with the recolour of **Ponza**. Its 33 colours, including classic velvet shades like burgundy red and deep green, offer an option for every want and need. The super-soft low-pile polyester FR velvet upholstery has been improved with a higher Martindale value, and can now also be used as a curtain fabric.

#### **follow us**

Vescom develops, produces and distributes high-quality interior products for the international contract market: wallcovering, upholstery and curtain fabrics. Vescom stands for high quality. When it comes to technology, design and service. Distinctive designs and sustainable materials form the basis of our collections. Products produced by Vescom are used in the contract market: primarily in the hospitality, healthcare, office and education sectors.

In addition to the head office in Deurne (the Netherlands), Vescom has a widely branching network of Vescom sales offices. In Europe, Asia, the Middle East, Latin America and the United States of America. Vescom works with distributors in other parts of the world. Vescom (1971) is part of the Vescom Group.
