

# Geometric structure

## New fire-retardant curtain fabrics

---

### Press release

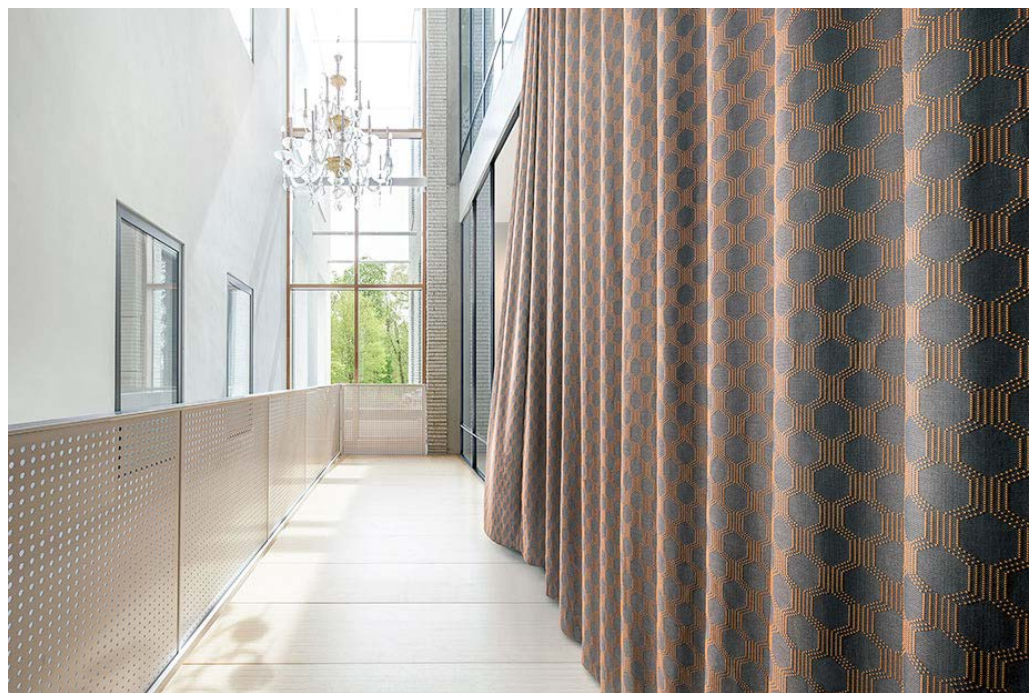

Deurne, September 2016

---

**Two new fire-retardant curtain fabrics: Syros and Delos. Syros has a raised woven geometric pattern. Delos is the matching tone-on-tone unpatterned version.**

Modern, decorative and stylish. These are the two new curtain fabrics from Vescom: Syros and Delos. Both fabrics are 133 cm wide, fall beautifully and have a lovely sheen. Perfect in all kinds of settings! Ideal for creating a pleasant and comfortable feel in any contract environment.

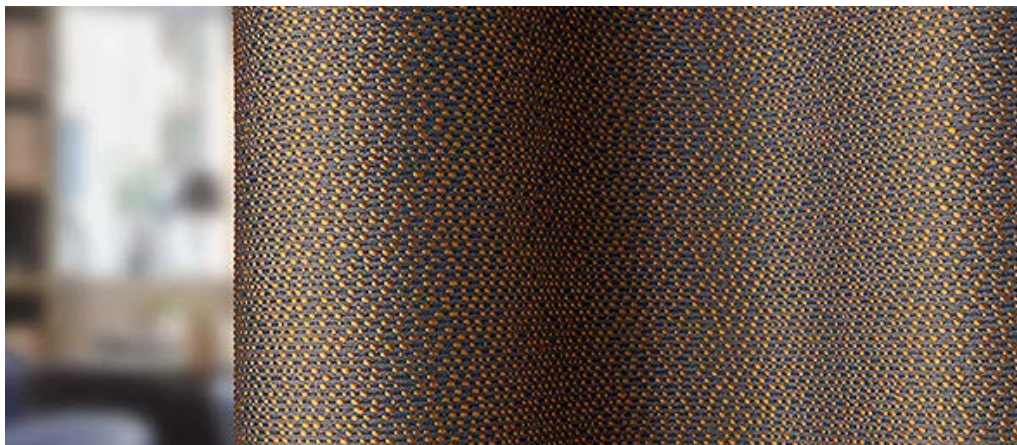

**Syros** is available in 10 tone-on-tone colours. The **Delos** colour series includes 15 fresh modern shades. The colours are designed to complement each other so the fabrics can be combined.

### **broad programme**

The designs are being added to binder curtain O2. The curtain fabric collection consists of plain, patterned, black outs, dim outs and translucent curtain fabrics including acoustic translucent curtain fabrics. The fabrics are lightfast, colourfast, fire retardant, safe, functional, durable and, in many cases, washable at high temperatures. All fabrics are Oeko-Tex certified.

### **follow us**

Vescom develops, produces and distributes high-quality interior products for the international contract market: wallcovering, upholstery and curtain fabrics. Vescom stands for high quality. When it comes to technology, design and service. Distinctive designs and sustainable materials form the basis of our collections. Products produced by Vescom are used in the contract market: primarily in the hospitality, healthcare, office and education sectors.

In addition to the head office in Deurne (the Netherlands), Vescom has a widely branching network of Vescom sales offices. In Europe, Asia, the Middle East, Latin America and the United State of America. Vescom works with distributors in other parts of the world. Vescom (1971) is part of the Vescom Group.
