

Pure and expressive

New textile wallcovering collection

Press release

Deurne, December 2016

Wallcovering 07 textile: 22 designs, 179 colours. This new collection compromises a true variety in materials, dyeing, weaving and finishing techniques. Its fibres contain natural raw materials like linen, silk, wool, cotton, viscose, as well as blends with polyester. The variety in materials, colours and stylish appearance makes this collection ideal for any contract interior!

linen: a pure and natural look

Wallcovering 07 textile compromises a variety of linen designs, perfect to create a pure and natural look. **Crafty** (10 colours) is special because the crushed look gives a vertical irregular effect beyond complete control. **Relief** (10 colours) has a geometric pattern and really makes the interior come to life. **Spira** combines blocks, lines and texture into an expressive graphic mosaic. All 7 colours create a natural and warm atmosphere.

silk: an expression of elegance and luxury

Bandra (10 colours) gives an elegant horizontal banding effect on the wall. **Orissa** (10 colours) is a flat handwoven silk design which creates an elegant and chic finish.

suede: sophisticated and rugged

Spirit (5 colours), **Epoque** (5 colours), **Connect** (5 colours) and **Veneto** (10 colours) are all flat woven suede qualities with true suede colours. Beautiful to touch and beautiful to look at, the suede collection is truly a stand-out collection.

The collection is added to the existing range from Vescom: wallcovering, upholstery and curtain fabrics. Vescom's textile wallcovering reflects the interior's natural environment. With cotton, linen, silk, synthetic fibres, technical weaves and non-wovens we offer a large variety of warm and widely useable materials. Vescom makes an interior come alive with textile wallcovering.
