

Technical information

Vescom cleaner

2001

description

Concentrated detergent for vinyl wallcovering and vinyl contract upholstery.

features

- Odourless clear fluid with neutral scent.
- May be applied both concentrated and diluted with water.
- Suitable for periodic and daily maintenance.
- When used correctly leaves no residue.
- Environmentally friendly formulation, containing no ammonia or phosphates.

instructions for use

- for normal cleaning:
Add 500 ml Vescom cleaner to 5 ltr. tepid water. Apply the liquid with a clean sponge to the surface to be cleaned. Then dry with a moisture-absorbent cloth. The liquid Vescom cleaner may also be applied to the surface to be cleaned with a vaporiser.
- For cleaning heavily stained surfaces:
Apply Vescom cleaner undiluted with a cloth or sponge to clean the surface. To avoid leaving traces of residue it is recommended that the surface be finally cleaned with a well-wrung out and moisture-absorbent sponge or cloth. Rinse the sponge or cloth regularly in clean water.

storage

Store frost-free.

Should the product freeze allow it to thaw until it is once more homogeneous.

safety

See safety information sheet.
